

Turn your Smile On

"I'm Rick Koerber from Franklin Squires. In my daily radio show I teach investors how to "Turn on their brain" and wisely invest their money. But, one of the best investments I ever made was in myself. For many years I didn't smile. You could say that I had a "smile made for radio." I was self conscious of my teeth and finally decided to do something about it. I did some research and found an experienced dentist, Dr. Bret Tobler. The service and professionalism have been fantastic. I had a gorgeous smile in just two visits, which I slept through. It's been great. Now I can't wait to "Turn my smile on." I wish all my investments gave the same return."

I'm Dr Bret Tobler. I have helped thousands of people just like Rick renew their greatest asset, their smile. I can help you, too. From cosmetic dentistry to sleep dentistry to root canals or dental implants, we can help you. Give us a call.
